

# Native GHL Build Sheet — Idaho Perio Implant Landing Page

This is a "paint by numbers" guide for rebuilding the landing page using GHL's own drag-and-drop elements instead of a code box. Once it's built this way, every future edit — colors, text, images — is point-and-click inside the native editor. No code.

Exact element names vary a little by GHL version/plan (e.g. "Icon List" vs. "Feature List", "Accordion" vs. "FAQ"). If your library doesn't have the exact name below, use the closest equivalent — the layout described will still work.

## Before you start: global settings

- **Funnel/Page fonts:** set Heading font = **Poppins** (weight 700–800), Body font = **Inter** (weight 400–600). Set this once in the page/funnel's font settings so every Headline/Text element inherits it.
- **Palette** — keep this table open while you style each element:

| Name         | Hex     | Used for                               |
|--------------|---------|----------------------------------------|
| Navy         | #0f2a43 | Headlines, header bg on dark sections  |
| Navy Dark    | #0a1d30 | Darkest backgrounds (top bar, footer)  |
| Teal         | #12807e | Eyebrows, links, icon accents          |
| Teal Light   | #e8f5f4 | Light backgrounds behind teal icons    |
| Orange (CTA) | #e8734a | Every button that should convert       |
| Gold         | #c9a15a | Small accents on dark backgrounds only |
| Ink          | #1c2b36 | Body text on white                     |
| Gray         | #5b6b76 | Secondary/supporting text              |
| Soft Gray bg | #f6f9fa | Alternating section backgrounds        |
| Border       | #e3e9ec | Card borders                           |

- **Name your hero form section** `consult-form` (GHL lets you name a Row/Section for anchor linking). Every "Get My Free Consultation" button on the page will use "Scroll to Element" targeting this name — that's how the page stays single-goal without a nav menu.

Build the sections top to bottom in this order:

## 1. Top trust bar

- **Section background:** Navy Dark `#0a1d30` . Padding: small (~9px top/bottom).
- **Row:** 2 columns, space-between, vertically centered.

- Left: Text — **★★★★★ Rated by patients across Boise & Meridian, ID** (stars in Gold `#c9a15a` , rest in light blue-gray `#dce8ee` , ~13.5px).
- Right: Text — **Board-Certified Periodontists | Same-Week Appointments Available** ( `#dce8ee` , 13.5px).

## 2. Header

---

- **Section background:** White. Bottom border 1px `#e3e9ec` . Padding ~16px.
- **Row:** 2 columns, space-between, vertically centered.
- Left: your real **logo image** (or a Headline "IDAHO PERIO" — "IDAHO" in Navy, "PERIO" in Teal, Poppins 800, 22px).
- Right: nested row —
  1. Phone icon + Text/Button set to **link type "Call Phone Number"** → **(208) 377-2777** (swap for your call-tracking number), bold, Teal.
  2. Button: **Get My Free Consultation** — background Orange, white text, bold → **link = Scroll to Element** → **consult-form** .
  3. On this button, set **visibility: hide on mobile** (there's a mobile CTA bar instead — see section 12).

## 3. Hero

---

- **Section background:** gradient Navy `#0f2a43` → Navy Dark `#0a1d30` (or solid Navy if your plan's section background doesn't support gradients). Padding ~56px top / 70px bottom.
- **Row:** 2 columns (~60/40 split), stacks on mobile.
- **Left column, top to bottom:**
  - Text (eyebrow): **BOISE & MERIDIAN'S DENTAL IMPLANT SPECIALISTS** — uppercase, Gold, bold, 13px, letter-spaced.
  - Headline (H1): **Missing Teeth? Get Your Confident Smile Back – Sometimes in Just One Day.** — white, Poppins 700, ~40px. If your Headline element supports inline color, make "Sometimes in Just One Day." Gold.
  - Paragraph: **Idaho Perio's board-certified periodontists have placed thousands of dental implants for patients tired of loose dentures, gaps, and avoiding the foods they love. Find out if you're a candidate – free, no pressure.** — light `#cfdce3` , 19px, max width ~560px.
  - **Icon List** (checkmark icon, Gold), 4 items, text `#e6eef2` :
    - Free implant consultation & 3D CT scan
    - Board-certified periodontists — not a general dentist referral
    - Teeth-in-a-Day & All-on-4/All-on-6 options available
    - Financing available — most insurance accepted
  - **Button group** (side by side):
    - **Get My Free Consultation** — Orange bg, white text → Scroll to **consult-form** .
    - **Call (208) 377-2777** — transparent bg, white 2px border, white text → Call Phone Number link.

- Small text: **Locations in Boise (Eagle Rd) & Meridian, ID · Most dental insurance accepted · CareCredit & in-house financing** — #a9bdc7 , 13.5px.
- **Right column — the form card** (this Row/Column is **consult-form**):
- Container styling: white background, 16px corner radius, ~28px padding, drop shadow.
- Small badge/Text: **Free — No Obligation** — Teal Light background, Teal text, bold, small, padded.
- Headline (H3): **Request Your Free Implant Consultation** — Navy, Poppins 700, ~21px.
- Paragraph: **Tell us a little about your smile goals. A patient coordinator will call you within one business hour during office hours.** — Gray, 14px.
- **Drop in GHL's native Form element here** (Sites → Forms → build one with Name / Phone / Email / a dropdown "What best describes your situation?" with options: *Missing one or more teeth, Currently wear a denture / partial, Loose or failing teeth, Just exploring options*). Style its submit button: Orange bg, white text, **Get My Free Consultation →** .
- Small disclaimer text under the form, centered, #8a97a1 , ~11.5px: **By submitting, you agree to be contacted by Idaho Perio by phone, text, or email. Message/data rates may apply.**

## 4. Problem section ("Sound Familiar?")

---

- **Section background:** Soft Gray #f6f9fa .
- **Section head** (centered, max width ~720px): Eyebrow **SOUND FAMILIAR?** (Teal) → Headline **You Don't Have to Live With This Anymore** (Navy) → Paragraph **If any of these describe you, dental implants could give you your life back.** (Gray).
- **2x2 grid** of cards (white bg, #e3e9ec border, 12px radius, padding ~20px), each with a small warning-circle icon in Orange + bold text next to it:
- Your denture slips, clicks, or rubs sore spots
- You avoid steak, corn, apples, or anything "chewy"
- You cover your mouth when you laugh or smile in photos
- A dentist told you "there's nothing more we can do" or that you need bone grafting first

## 5. Solution / benefits section

---

- **Section background:** White.
- **Section head:** Eyebrow **THE IDAHO PERIO DIFFERENCE** (Teal) → Headline **Permanent Teeth That Look, Feel, and Function Like Your Own** → Paragraph **Unlike dentures, dental implants are anchored directly into the jaw — so they don't slip, don't need adhesive, and help preserve your jawbone and facial structure.** (Gray).
- **4-column grid** of benefit cards (white bg, #e3e9ec border, 14px radius, centered text, circular Teal-Light icon badge with Teal icon):
- **Built to Last** — With proper care, implants are designed to last decades — often a lifetime.
- **Look & Feel Natural** — Custom-matched crowns blend seamlessly with your smile — no one will know.
- **Teeth-in-a-Day Available** — Qualifying patients can walk out with a full new smile in a single visit.
- **Eat What You Love Again** — Restore up to full biting force — steak, corn on the cob, apples, all back on the menu.

## 6. "What Happens After You Book" (process steps)

---

- **Section background:** Navy #0f2a43 .
- **Section head:** Eyebrow SIMPLE, GUIDED PROCESS (Gold) → Headline What Happens After You Book (white) → Paragraph No pressure, no obligation – just clarity on your options. (light gray #c3d3da ).
- **4-column grid**, each card a semi-transparent panel (white @ ~6% opacity bg, white @ 12% border, 14px radius). Inside each: a numbered circle badge (Gold bg, Navy Dark bold number, 1–4 — this *is* a real sequence, so numbering is appropriate here), a white Headline, and a light-gray paragraph:
- **Free Consultation** — Meet with one of our periodontists, get a free 3D CT scan, and ask every question you have.
- **Personalized Plan** — We build a treatment plan and cost breakdown tailored to your mouth, budget, and timeline.
- **Implant Placement** — Your implants are placed comfortably in-office, with sedation options available.
- **Your New Smile** — Heal, get your final restoration, and get back to living — and smiling — without limits.

## 7. Meet the doctors

---

- **Section background:** White.
- **Section head:** Eyebrow WHO YOU'LL SEE (Teal) → Headline Board-Certified Periodontists, Not a Referral List → Paragraph You're treated directly by implant specialists with advanced surgical training – not a general dentist who outsources the surgery. (Gray).
- **3-column grid** of doctor cards (white bg, #e3e9ec border, 14px radius): real headshot image on top (Teal-Light placeholder until you have one), then Name (Navy, Poppins 700, 17px), Role (Teal, bold, small: Board-Certified Periodontist ), description (Gray, 14px):
- **Dr. Jace Hansen** — Specializes in dental implants, All-on-4/All-on-6 full-arch restoration, and laser periodontal therapy.
- **Dr. Kip Katseanes** — Focuses on complex implant cases, bone grafting, and same-day Teeth-in-a-Day procedures.
- **Dr. Christopher Sprott** — Brings advanced surgical training in implant placement and minimally invasive gum treatment.

## 8. Testimonials

---

- **Section background:** Soft Gray #f6f9fa .
- **Section head:** Eyebrow REAL PATIENTS, REAL RESULTS (Teal) → Headline (mark clearly as placeholder until you swap in real reviews).
- **If your GHL plan has a native Google Reviews widget**, use that instead of manual cards — it pulls live reviews automatically and needs zero upkeep. Otherwise: **3-column grid** of testimonial cards (white bg, #e3e9ec border, 14px radius): 5 Gold stars, italic-free quote (Ink color), then bold Navy name + Gray location underneath.
- **Do not publish invented quotes attributed to real people** — pull actual reviews from your Google Business Profile before this goes live.

## 9. FAQ

---

- **Section background:** White. Centered column, max width ~820px.

- **Section head:** Eyebrow **COMMON QUESTIONS** (Teal) → Headline **You Ask, We Answer** .
- Use GHJ's native **Accordion/FAQ element**, 5 items:
- **Does getting a dental implant hurt?** — Most patients report the procedure is far more comfortable than expected. We use local anesthesia and offer sedation options, and most people manage any post-procedure soreness with over-the-counter pain relief.
- **How much do dental implants cost?** — Cost depends on how many teeth you're replacing and your specific case. That's exactly what your free consultation and 3D scan are for — you'll leave with a clear, personalized price and financing options before deciding on anything.
- **I was told I'm not a candidate / need bone grafting. Can you still help?** — Often, yes. Our periodontists specialize in complex cases, including bone grafting and patients who've been turned away elsewhere. A second opinion is free — it costs nothing to find out your real options.
- **How long does the whole process take?** — It varies by case. Some patients qualify for Teeth-in-a-Day, while others need a few months for healing between steps. We'll map out your exact timeline at your consultation.
- **Do you accept insurance or offer financing?** — We accept most dental insurance plans and offer financing options, including CareCredit, to help make treatment affordable.

## 10. Final CTA

---

- **Section background:** gradient Teal **#12807e** → **#0d5f5d** (or solid Teal). Centered content, text white.
- Headline: **Your New Smile Starts With One Free Conversation** .
- Paragraph (light teal **#dff2f0** ): **Appointments in Boise & Meridian are limited each week for new implant consultations. Reserve yours today.**
- Button: **Get My Free Consultation** — Orange bg, white text → Scroll to **consult-form** .

## 11. Footer

---

- **Section background:** Navy Dark **#0a1d30** . Text color **#9fb2bc** .
- **Row, 2 columns:**
- Left: logo/name, **6019 N Eagle Rd, Boise, ID 83713** , phone (Call link), **Boise & Meridian, ID** .
- Right: **Mon–Thu: 8:00am–5:00pm / Fri: 8:00am–2:00pm / Sat–Sun: Closed** .
- Bottom legal line (small, **#6f8590** ): **© [year] Idaho Perio. This is a promotional landing page; individual results vary.** + a **Privacy Policy** link to your real policy page.

## 12. Sticky mobile CTA bar

---

- Build one more Row with 2 buttons: **Call Now** (Navy bg, white text, phone icon → Call link) and **Free Consultation** (Orange bg, white text → Scroll to **consult-form** ).
  - In that Row/Section's **Advanced settings**, turn on **Sticky** (position: bottom) and set **visibility: mobile only**. This keeps a tap-to-call/tap-to-book bar pinned to the bottom of the screen on phones — the highest-intent action for TV-to-mobile traffic — without cluttering the desktop view.
-

## Required swaps before going live

---

Same list as the code version — don't skip these: - Real GHL Form embedded in the hero card (not a placeholder). - Phone number → a **call-tracking number**, not the main office line, so you can attribute calls to this campaign. - Real logo + doctor headshots. - Real, verified patient reviews in place of the sample testimonials. - Real Privacy Policy link in the footer.
